Don't Follow

don't follow him
don't follow him
I followed him
I followed him

to his room
I followed him
told he loves me
don't follow him

don't follow him
I followed him
I followed him
I followed him

Cold City Night

cold city night
in the mirror in your room
you saw a very gorgeous girl
who was prepared to go outside

cold city night
in a cold city night
in a cold city night
in a cold city night

cold city night
on the dance floor between the lights
strokes were flashing very bright
everybody could see your shine

(chorus)

cold city night
on the way back to your room
strange man followed you behind
your heels were knocking on asphalt

(chorus)
