Running Into Darkness

sad and broken girl  
spending all the nights  
in bars and clubs around

sad and broken girl  
dancing on the floor  
gazed by shady men

sad and broken girl  
loosing all control  
having bathroom sex

sad and broken girl  
leave all men behind  
darkness all around

sorry but  
you're covered by  
dark charisma

she's surrounded by  
darkness all around

your future is in  
darkness all around

you're running into  
darkness all around

all around her is  
darkness everywhere

I'm running into  
darkness all around

all around me is  
darkness everywhere

darkness everywhere
